Raj, can we share this with others, or is it for internal use only? If we can make it public, I would send it to KDEP and ORSANCO for their information. ORSANCO may further distribute to water utilities lab managers, so I wanted to consult with you about this beforehand.

Thanks.

Kelly,

Here is the SOP for 4-MCHM. This method was used for Region V for Art Smith -OSC ( 12 samples from Ohio river collected by USGS for ERT).

Thanks.

-Raj
